PET NOTICE TO ALL RESIDENTS!!

The Cambridge is a very pet friendly community..... However we do not appreciate their waste **NOT** being cleaned up!! We supply bags at several pet stations around the community....**PLEASE** clean up after your pets? Pet waste transmits diseases and makes our community very unsightly!! Make sure that if you have a pet to be a **RESPONSIBLE** pet parent and clean up after them! If you witness someone not picking up after their pets please call the courtesy officer and give a description of the person, the pet and what building they were near!! This will help us in keeping The Cambridge nice and clean for our residents!! Thanks for your assistance in this matter!!

Pet Patrol volunteer's Needed?
