HIGHLIGHTS

March Madness Begins

The first round of the NCAA Men's Basketball Division I Championship begins March 15 and culminates with the Final Four, April 2-4, in Houston.

Monthly Celebrations

March is Music in Our Schools Month and National March into Literacy Month. Other dates this month related to learning include National Grammar Day (March 4), Teen Tech Week (March 6-12), Newspaper in Education Week (March 7-11) and Absolutely Incredible Kid Day (March 17).

Hard to Resist

Resistance bands are a great addition to any workout. They're cheap, great for all fitness levels, add variety to your workout and are easy to take along when you travel.

Small Diet Tweak for Big Benefits

Choosing brown rice instead of white could reduce your chances of developing type 2 diabetes by 16 percent, according to new research from the Harvard School of Public Health. Eating other whole grains such as barley or wheat every day may cut your risk by a whopping 36 percent, the study found.

Positive Thought

"The sun does not shine for a few trees and flowers, but for the wide world's joy."
—Henry Ward Beecher
